NOTES

NACH MARKETING, INC. was established in April 2000 after a 17-year tenure with Southwest Tool Sales. Since 1982, we have been representing leading manufacturers for the construction tool and equipment trades. With 40 years of experience in construction, distribution, marketing, and sales, all of which focus on the contractor, STAFDA, rental, safety, industrial, and utility channels, our NACH team has over 100+ years of experience. We rely on our reputation for working closely with construction distribution, rental companies, professional contractors, and municipalities throughout our territory of Nevada, Arizona, California, and Hawaii.

Our marketing strategies emphasize end-user calls, demonstrations, and product knowledge meetings to distribution, continually driving revenue for the manufacturers we represent. Additionally, NACH maintains an open line of communication with our principals, which is instrumental to the success of our partnership.
